**Students Mentoring System:** The Institution has introduced Mentoring System.

**The objectives of the system are:**

1. To understand the learning problems, gaps and grievances of students
2. To pay individual attention and teach accordingly
3. To design methods, strategies and techniques to be adapted to present the teaching material to the students
4. To identify gifted and backward students
5. To address the problems of students: Personal, emotional, Learning and Adjustment
6. To establish good rapport with students and all the stakeholders
7. To interact with the students periodically to assess the learning progress and evaluate learning gaps and deficiencies and to address the problems
8. To monitor students attendance, discipline, regularity, punctuality and behavior
9. To offer counseling to students to help them to overcome their problems and bring them into the mainstream.

**Procedure:**

- I. The Principal convenes the meeting and appraises the teachers with regard to the procedure and the objectives of the system.
- II. Each teacher is allotted around 20 students and preferably the students of his/her subject or Combination.
- III. The teacher in-charge of that group meets the students once in a month (three times in each semester).
- IV. The teachers maintain all the details of all the students of his group/batch. It includes
  - Personal profile
  - Attitude and aptitude, hobbies etc.
  - Health issues
  - Address, E-mail ID and telephone of his/her parents/guardian.
  - The teacher records all the proceedings of the meeting/counseling
  - The teacher talks to them 'heart to heart' to understand their both personal and learning problems
  - The teacher makes every effort to solve the problems of students and if it is beyond his limits, he would bring it to the notice of the higher authorities
  - It is very important to notice that every student of the Institution is being watched and monitored by the faculty and offers counseling wherever necessary.
  - The monitoring system goes a long way in designing, planning all the activities and programmes of the institution's curricular and co-curricular activities.
  - The Principal/the representatives of the Management review the functioning of the groups and their observation. The management and the principal give instruction, guidance for the effective implementation of mentoring students.
